- Continued support of business and resident input to the commission, city manager, and all departments providing service.
- Insuring community issues requiring resolution are considered and a fair outcome is provided in a timely manner.

Ready to Serve Dunedin

Capable, Ready, and Willing To Serve Dunedin

"We are very proud to be part of the Dunedin community and of the quality of life it offers. I am ready and willing to apply my educational background, leadership, business experience and acumen to the Dunedin City Commission serving the citizens of Dunedin.

"I am committed to the continued support of the values of our rounded, robust culture which helps make Dunedin a desirable community, maintaining our high quality of life for all Dunedin residents. My family and I fell in love with Dunedin at first sight.

"We called Dunedin a "pearl" because of the beauty, the culture and heritage of the community, and all that she offers.

"Dunedin has been designated as one of the best cities to live and work. This occurred through the support of many individuals, organizations, and those that have gone before us. I want us to continue the support of each of the elements that help us to earn these designations. Dunedin currently faces a number of challenges including serious fiscal, financial challenges. I am capable, ready, and willing to help guide and support Dunedin through these challenges while ensuring the continued support of programs and services that advance our culture and community.

"I am asking for your support and vote."
